PROJECT LIST

项目案例

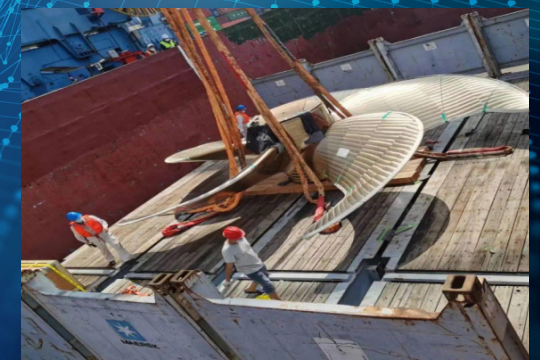

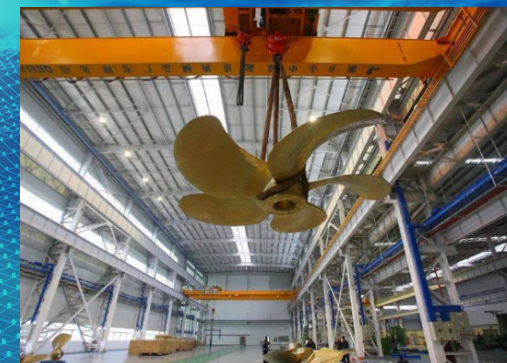

Customisation of 'large ship fittings' “大型船舶配件”定制

根据客户要求定制螺旋桨等大型船舶配件，运输至这些全球各地的船厂（从工厂到船厂）全程监管协调——包括货物出厂、海陆运输、货物进船厂、进出口报关等各个环节。

船舶配件运输时效性要求高，船舶配件运抵的时间要配合船舶入坞的时间，并能根据实际情况灵活调整。

Customised propellers and other large ship accessories according to customer requirements, ship to these shipyards around the globe (from the factory to the shipyard) with full supervision and co-ordination - including all aspects of the shipment from the factory, transport by sea and land, entry of the goods into the shipyard, and import and export customs declarations.

The timeliness of ship accessories transport is highly demanded, and the arrival time of ship accessories should match the docking time of the ship, and can be flexibly adjusted according to the actual situation.
